Dear Jean,

I am writing this letter of recommendation for your company, Transportation Certification Services, Inc. (TCS) as an honor. ITS made a request of your company to provide training for our employees with just four days notice. You provided training materials and an instructor to begin training on a Saturday in the necessary time frame.

Your company provided FRA certified training for Initial Terminal Air Brake Tests. The classroom training, testing, and OJT training for 18 employees was completed in just four days time.

TCS handled the entire process timely and professionally and we look forward to using your services again. I highly recommend TCS for anyone considering your services. Thank you again for the excellent assistance you provided.

Sincerely,

A handwritten signature in black ink that reads "Thomas D. Alley".

Thomas D. Alley  
Director, Safety & Training  
ITS Technologies & Logistics, LLC
